

## **Worth Wins USA Open**

Australia's Taylor Worth stole the show at the USA National Archery Championships yesterday, in Hamilton, OHIO USA. Worth outclassed the Americans to come away with his first international victory.

After qualifying in seventh position Worth shot strongly through his elimination matches, only dropping one set, before taking out USA Olympians Brady Ellison and Richard Johnston in the quarter and semi finals respectively.

In the final he defeated Vic Wunderle, the silver medallist from the Sydney Olympics shooting a (30,28,28,29) to Wunderle's (27,29,27,28) to take the Championships in four sets.

National Head Coach Simon Fairweather said "Taylor is one of a couple of good prospects we have been developing at the AIS. He's been training well for the last year after overcoming a shoulder injury. While he is already shooting competitively, I'm really looking forward to seeing him continue developing as I think we will see more good results from him in the future."

Worth will join the rest of the Australian Commonwealth Games Archery Squad in Ogden UTAH for World Cup 3 next week, where the final Commonwealth Games Team will be decided.

The Squad going to Ogden is -
